## Volunteer of the Month: Kim Adams

Kim Adams started volunteering 4 months ago and has since spent at least 6 hours per month socializing our feline friends at the shelter. Kim has also adopted her two cats, Lewy and Lulu, from us. We are very lucky to have such a gentle, loving and understanding person such as Kim spending much needed time dedicated to the betterment of shelter cats. Thank you Kim for all that you do!

### Get to Know Kim

**What do you enjoy most about volunteering at the shelter?** I find tremendous joy giving the animals my time and attention. My heart is always heavy when I leave but I know I am doing the right thing when I can bring some joy to their day.

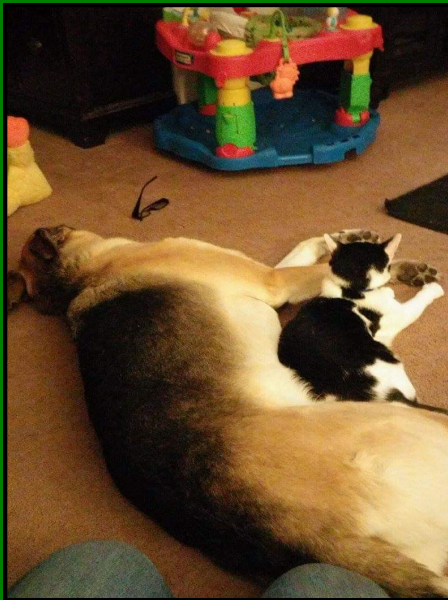

**Do you have any pets at home?** I have two cats that I adopted from the shelter. They are wonderful companions and the adoption process is what compelled me to become a volunteer.

**What is your favorite animal?** Cats. They are beautiful and incredible creatures. They honor their space and don't want to be controlled. They are fascinating to watch.

## Success Story of the Month

# Cody

Cody is a friendly 9 month old Domestic Short Hair cat who was surrendered to the shelter in January because his owner was moving and couldn't take him with. Luckily for Cody he didn't have to wait too long for his new family and was adopted within 2 and a half weeks! New owner Jeff says, "We couldn't have asked for a better addition to the family! I know we can't expect the world when adopting a rescue but Cody has really taken just as much of a liking to our family as we have to him. He

made good friends with my 2 year old son and my German Shepherd is getting to like him. When he isn't afraid of him as an elephant would be a mouse, they get along great. Marley just doesn't want to hurt our new friend. Thanks again for the opportunity and everything you all do out there !" Thank you to the Schulte family for choosing adoption and providing such a loving home for Cody!

# Shelter Stars

Meet Lita! She is a 3 year old beautiful cat that came in with her kittens because their owner couldn't take care of them. Lita is independent but very loving too. She would likely do well with supervised children of all ages. If you have other pets at home she may need some time to adjust. She has been spayed, microchipped, frontlined, and started on her vaccinations. Lita has been at the shelter since July of 2015 and would love to be part of a new and forever family. Are you the one for her?

This is Toby! He is a 7 year old Lab/English Springer Spaniel mix who came to the shelter in December because his owner sadly passed away. He knows commands such as sit, lay and he enjoys playing with toys. It's not sure how he would get along with other dogs so an introduction is important Don't let his age fool you! Toby is still very active for his age. He has lived in a quieter home most of his life so he would do best in a home with no children. Toby is already neutered, microchipped, frontlined and started on his vaccinations. Come meet this handsome fellow today and see if he could be the newest addition to your home!
